

Home from Hospital Service

The Service

The Home from Hospital Service provides a rapid response for patients who are medically fit to return home, but may need additional re-assurance and practical support within the safety of their own home.

Support can be provided for up to four weeks following discharge from hospital to allow a timely return home and enable best possible recovery.

Who can we help?

- Older and/or disabled people
- Residents of Chelmsford Borough and Maldon District

Home from Hospital Service

How can we help?

The support provided depends on an individual's needs, but could include:

- Welcome home visit
- Aids and adaptations
- Furniture re-arranged
- Home safety check
- Shopping
- Light domestic tasks
- Prescription collection
- Pet support
- Benefits advice
- Confidence building
- Telephone support
- Healthy lifestyle support
- Gardening
- Transport
- Signposting to other services

Home from Hospital Service

How can you find us?

- Telephone:
**01621 773733 or
01245 392121**
- Service is available Monday to Friday
- Out of hours: 24 hour answerphone

Supporting People Leaving Hospital

Returning home after a stay in hospital is not always easy. The Home from Hospital Service provides individually tailored support to enable a smooth return to independence.

Make sure your return home is as easy as possible by asking the ward staff or therapy team to contact the Home from Hospital service for you.
