		ACTION
2355.	DEMOCRATIC TIME. A parishioner, Jane Rogers, discussed her preliminary planning application for 83 Mill Road. She advised that her and her Husband intended to knock down and replace with something very similar in size. Mrs Rogers had discussed the plans at length with both neighbours and intended to conduct the work with minimal upset and obstruction to the people living nearby. It was proposed that if permission was granted the building would be demolished next March as the neighbours have swimming pools and it is important that they are covered when the demolition takes place. A parishioner, Virginia Henderson, reported that 90 cars had gone down Smallgains Lane today in an hour and that they were travelling too fast and not giving way. Cllr. Millernas advised that new overhead cables were being installed in Stock Road and some traffic bypassed the main road and used Smallgains Lane. Cllr. Woodward advised that the traffic lights were not working properly so had caused a traffic jam. Mrs Henderson asked the Parish Council to speak to ECC and ask them to prevent traffic using Smallgains Lane when the High Street is resurfaced. A parishioner, Jenny Berkley, enquired whether anybody from the Parish Council would be attending the Temple Farm Inquiry. She reported that the traffic problem is going to increase in the village if the Temple Farm development goes ahead. She read out some points about traffic and HGV's from a document from RCCE. She reported that the buildings in the High Street were getting ruined by the amount of traffic passing them. The Chairman agreed to speak to Cllr. Grundy to arrange a meeting with Cllr. Norman Hume at ECC. Cllr. Woodward advised that he had attended a meeting at CBC regarding the road and traffic and felt the matter had already been discussed. Cllr. Otter felt that the Parish Council should be represented at the Inquiry and they should oppose the development. Cllr. Otter pointed out that there are Covenants covering the traffic/HGV's and you cannot enforce a Covenant. Cllr. Dixon said that he would check the situation with Cllr. Grundy but felt that it could be enforced if Number Plate Recognition is used. Cllr. Woodward was appalled that the Royal British Legion Hall was being used as the Polling Station for the General Elections. He advised that the area needs to be patrolled all day long by the Police and traffic warning signs were needed as there is no parking and there are no pavements and children and elderly people walk along there. Clerk to write to Returning Officer at CBC pointing out the Parish Council's concerns regarding safety of pedestrians.	JD CLERK

2365.	<p>DISCUSSION ITEMS.</p> <p>Stock Library – The Chairman advised that the Agents acting for ECC had written to him. They advised that the offer the Parish Council had made was less than their estimate of market value in 2006 but they knew the Parish Council could be eligible for a discount. The first set of application forms had been incorrect but the Chairman now had the correct forms to complete. Chairman been advised not to complete forms until ECC declare the building as surplus. Cllr. Otter was concerned that if the school used the building the Parish Council would be maintaining a building for the use of ECC. She felt it was an excellent facility for the Heritage Society and village clubs and organisations. The Chairman advised that there would have to be a charge to the school if they used the building and all the implications of school children using the facility would have to be considered in depth. The Chairman advised that the first priority was that the library was to be used for the community.</p> <p>Replacement Bus Shelter – Cllr. Dixon had not had any luck in contacting ECC. He had been advised previously that the work would not be carried out before April/May.</p> <p>Parking at the Village Hall – The Chairman had written back advising that a meeting should be arranged. No reply had been received.</p> <p>Parish Charter – Cllr. Otter did not think that the Parish Council should sign. She advised that the Charter was going to be reviewed in a year and that most things in the document the Parish Council already do as statutory. Cllr. Dixon advised that it was to establish a working framework between CBC and Parish Councils. After discussion, it was agreed that the Parish Council will not be signing up now but will review its decision when CBC conduct their first review.</p> <p>Community Payback – The Chairman had still not heard back from Essex Probation Service.</p> <p>Salt Bins – The Chairman advised that the Parish Council can sponsor a salt bin at a cost of £350.00. It was agreed that it would be a waste of time and money to purchase any bins because people would use the salt for their drives rather than the roads. It was agreed that the bin on Stock Hill should be replenished with salt and regularly refilled as it has been there for years. Clerk to contact Highways.</p> <p>Cycling Framework Consultation – The document was discussed and it was agreed that the use of cycling should be encouraged as a form of recreational and transport purposes. There should be more facilities made available for recreational use and Bridleways and Byways surfaces should be made better for cyclists. The Parish Council supported the initiative and would like to see bikes getting off the road and onto cycle tracks. Councillor Phillips dissented on this. Clerk to submit comments.</p>	<p>JD</p> <p>JD</p> <p>JD</p> <p>CLERK</p> <p>JD</p> <p>CLERK</p> <p>CLERK</p>
